

DS-K7P03

Features

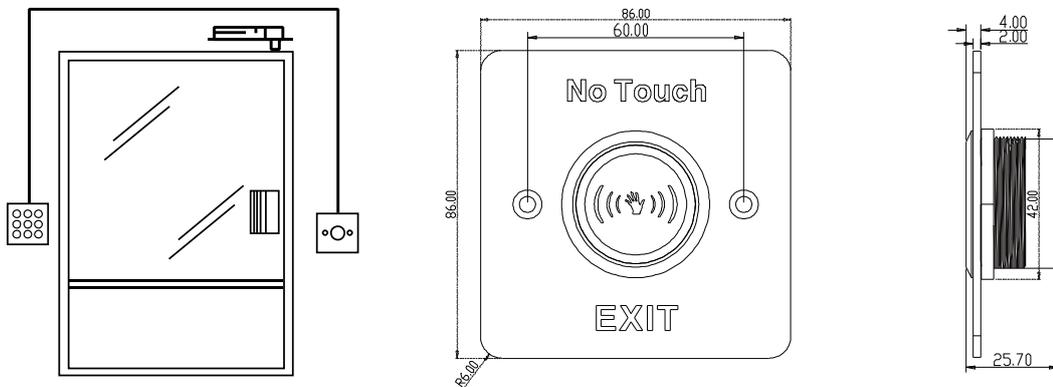

- Dimension(L×W×H): 86×86×25.7mm(3.39×3.39×1.01");
- Input Voltage: DC12V;
- Working Current: 20mA(standby), 50mA(working current);
- Current Rating: 1A@30VDC,0.5A@125VAC;
- Output Contact: NO/NC/COM contact;
- Panel: aluminum panel;
- Aging Test: already passed 1 million times aging test;
- Suitable Doors: all kinds of narrow doorframes;
- Working Temperature: -20°C to +50°C (-4°F to 122°F);
- Working Humidity: 0 to 95% (relative humidity);
- Maximum Inductive Distance: 40 to 100mm(1.57 to 3.94") (adjustable);
- LED Indicator Status: white/green/red LED, indicates power-off/active/Standby;
- Product Weight: 0.15kg (0.33lb).
